

Eli Broun

Early-Career Geospatial Professional

A: 207 Lindsay St, Carrboro, NC

P: +57 (313)496-7891

E: elibroun23@gmail.com

L: www.linkedin.com/in/elibroun

PROFESSIONAL PROFILE:

Geospatial professional with experience spanning GIS, land surveying, spatial analysis, and community-based research. Skilled in translating complex spatial data into meaningful insights through data visualization, interactive mapping, and field data collection. Professional experience includes supporting engineering projects through preliminary surveying, developing geospatial databases for historical preservation initiatives, and utilizing GIS technologies to address community development challenges.

View some of my projects in my Portfolio: <https://egbroun.github.io/Eli-Broun-Professional-Portfolio/>

SKILLS:

- ArcGIS Pro and QGIS
- Python and R
- Intermediate Spanish
- FAA Part 107 Drone Pilot
- TEFL Certified English Teacher
- Land Surveying

WORK EXPERIENCE:

English Co-Teacher at UCompensar

June 2026 – Present

Bogotá, Colombia

- Create and present English lessons for university-aged students of all levels across different disciplines.
- Design and run English conversation clubs, facilitating speaking and cultural exchange.

Geomatics Instrument Operator at McAdams

July 2025 – June 2026

Charlotte, NC, USA

- Collected high-precision topographic and geospatial data supporting engineering and site development projects.
- Operated surveying instrumentation and interpreted survey plats, utility maps, and engineering plans.
- Documented existing site conditions and ensured accurate field measurements.

Undergraduate Geography Researcher, University of North Carolina

May 2023 – May 2025

Chapel Hill, NC, USA

- Developed GIS products and spatial analyses supporting historical preservation and community development initiatives.
- Designed and maintained an interactive geospatial database utilizing field data collection technologies.
- Collaborated with community stakeholders to communicate complex spatial information through effective data visualization.

EDUCATION:

University of North Carolina at Chapel Hill

August 2021 – May 2025

Bachelor's Degree in Environmental Studies

Minor in Data Science
